Subject: Notice of Violation for Noncompliance with Rule R647-1-102.3, MN2006-03-12-01, Bluffdale Sand & Gravel, Inc., Bluffdale Sand & Gravel 1, S/035/022, Salt Lake County, Utah

Dear Mr. Jones:

On September 20, 2006, the Division sent you a notice of violation with regard to mining activity that you conducted within the City of Bluffdale. The notice specifically required Bluffdale Sand and Gravel to meet with appropriate city officials and develop a written plan for resolving conflicts between the zoning and the mining operations and by November 1, 2006 submit a plan to the Division showing how you would come into compliance with the city ordinances.

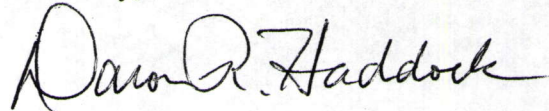

On October 4, 2006 we received an email from Tom Gyuro purporting to represent you, indicating that no operations had been occurring for over 12 months and that all reclamation obligations were fulfilled. He further stated that you would not be contacting any governmental agency on this issue.

Even though no mining may have been occurring at this site for over 12 months, Bluffdale Sand and Gravel is still considered responsible for disturbing the area. Much of this disturbance has neither been permitted nor reclaimed. Your obligations are clear. The areas of disturbance must be permitted or they must be reclaimed. The abatement requirements of Notice of Violation MN2006-03-12-01 are still in effect. You have until November 1, 2006 to submit the required plans unless you have applied for and received an approved extension of the abatement deadline.
